CONTENTS OF VOLUME 71

(*All rights reserved*)

SOUTHGATE D.A.T. Australian Dreamtime. 1

LOBLEY G.E., CONNELL Alexmary, MILNE E., NEWMAN April M. & EWING T.A. Protein synthesis in splanchnic tissues of sheep offered two levels of intake. 3

PINE A.P., JESSOP N.S. & OLDHAM J.D. Maternal protein reserves and their influence on lactational performance in rats. 13

ROWAN Angela M., MOUGHAN P.J., WILSON M.N., MAHER K. & TASMAN-JONES C. Comparison of the ileal and faecal digestibility of dietary amino acids in adult humans and evaluation of the pig as a model animal for digestion studies in man. 29

MARK Gwenda & SANDERS T.A.B. The influence of different amounts of *n*-3 polyunsaturated fatty acids on bleeding time and *in vivo* vascular reactivity. 43

SHEEHY P.J.A., MORRISSEY P.A. & FLYNN A. Consumption of thermally-oxidized sunflower oil by chicks reduces α-tocopherol status and increases susceptibility of tissues to lipid oxidation. 53

KENNEDY D.G., KENNEDY S., BLANCHFLOWER W.J., SCOTT J.M., WEIR D.G., MOLLOY A.M. & YOUNG P.B. Cobalt–vitamin B_{12} deficiency causes accumulation of odd-numbered, branched-chain fatty acids in the tissues of sheep. 67

RAMSDALE S.J., BASSEY E.J. & PYE D.J. Dietary calcium intake relates to bone mineral density in premenopausal women. 77

HURRELL Richard F., RIBAS Sandra & DAVIDSSON Lena $NaFe^{3+}EDTA$ as a food fortificant: influence on zinc, calcium and copper metabolism in the rat. 85

FOX Thomas E., FAIRWEATHER-TAIT Susan J., EAGLES John & WHARF S. Gabrielle Assessment of zinc bioavailability: studies in rats on zinc absorption from wheat using radio- and stable isotopes. 95

PEKELHARING H.L.M., LEMMENS A.G. & BEYNEN A.C. Iron, copper and zinc status in rats fed on diets containing various concentrations of tin. 103

ANDERSON Annie S., MACINTYRE Sally & WEST Patrick Dietary patterns among adolescents in the West of Scotland. 111

ROY S.K., AKRAMUZZAMAN S.M., HAIDER R., KHATUN M., AKBAR M.S. & EECKELS R. Persistent diarrhoea: efficacy of a rice-based diet and role of nutritional status in recovery and nutrient absorption. 123

SOUTHGATE D.A.T. Declarations of Interest. 139

SUN W., GOETSCH A.L., FORSTER L.A. Jr, GALLOWAY D.L. Sr & LEWIS P.K. Jr Forage and splanchnic tissue mass in growing lambs: effects of dietary forage levels and source on splanchnic tissue mass in growing lambs. 141

LOPEZ S., HOVELL F.D.DeB. & MACLEOD N.A. Osmotic pressure, water kinetics and volatile fatty acid absorption in the rumen of sheep sustained by intragastric infusions. 153

MAHÉ Sylvain, MARTEAU Philippe, HUNEAU Jean-François, THUILLIER François & TOMÉ Daniel Intestinal nitrogen and electrolyte movements following fermented milk ingestion in man. 169

HEXEBERG Sofie, HEXEBERG Erik, WILLUMSEN Nina & BERGE Rolf K. A study on lipid metabolism in heart and liver of cholesterol- and pectin-fed rats. 181

BARZANTI V., BATTINO M., BARACCA A., CAVAZZONI M., COCCHI M., NOBLE R., MARANESI M., TURCHETTO E. & LENAZ G. The effect of dietary lipid changes on the fatty acid composition and function of liver, heart and brain mitochondria in the rat at different ages. 193

MAXTON D.G., THOMPSON R.P.H. & HIDER R.C. Absorption of iron from ferric hydroxypyranone complexes. 203

MATHERS J.C. & FOTSO TAGNY J.-M. Diurnal changes in large-bowel metabolism: short-chain fatty acids and transit time in rats fed on wheat bran. 209

LOVEGROVE Julie A., HAMPTON Shelagh M. & MORGAN Jane B. The immunological and long-term atopic outcome of infants born to women following a milk-free diet during late pregnancy and lactation: a pilot study. 223

POLLOCK J.M., ROWAN T.G., DIXON J.B. & CARTER S.D. Level of nutrition and age at weaning: effects on humoral immunity in young calves. 239

FEHILY A.M., PICKERING J.E., YARNELL J.W.G. & ELWOOD P.C. Dietary indices of atherogenicity and thrombogenicity and ischaemic heart disease risk: the Caerphilly Prospective Study. 249

ORTEGA Rosa M., ANDRES Pedro, AZUELA Matilde, ENCINAS-SOTILLOS Alfonso & GASPAR Maria Jesus Parental death from cardiovascular disease and dietary habits in an elderly group. 259

COBB Margaret M. & TEITLEBAUM Howard Determinants of plasma cholesterol responsiveness to diet. 271

BLACK J. Mark, NESHEIM Malden C. & KINSELLA John E. Dietary level of maize oil affects growth and lipid composition of Walker 256 carcinosarcoma. 283

DELARUE Jacques, CONSTANS Thierry, MALVY Denis, PRADIGNAC Alain, COUET Charles & LAMISSE Fernand Anthropometric values in an elderly French population. 295

SOUTHGATE D.A.T. Directions from Contributors. 307

DEURENBERG Paul, WESTERTERP Klaas R. & VELTHUIS-TE WIERIK Erica J.M. Between-laboratory comparison of densitometry and bio-electrical impedance measurements. 309

SOHLSTRÖM Annica, KABIR Nazma, SADURSKIS Aija & FORSUM Elisabet Body composition and fat distribution during the first 2 weeks of gestation in *ad lib.*-fed and energy-restricted rats. 317

SPAAIJ Caroline J.K., VAN RAAIJ Joop M.A., VAN DER HEIJDEN Lidwien J.M., SCHOUTEN Frans J.M., DRIJVERS José J.M.M., DE GROOT Lisette C.P.G.M., BOEKHOLT Harry A. & HAUTVAST Joseph G.A.J. No substantial reduction of the thermic effect of a meal during pregnancy in well-nourished Dutch women. 335

BATTERHAM E.S., ANDERSEN L.M. & BAIGENT D.R. Utilization of ileal digestible amino acids by growing pigs: tryptophan. 345

ESTORNELL Ernesto, BARBER Teresa & CABO José Improved nitrogen metabolism in rats fed on lipid-rich liquid diets. 361

BOUZIANE Mahmoud, PROST Josiane & BELLEVILLE Jacques Changes in fatty acid compositions of total serum and lipoprotein particles, in growing rats given protein-deficient diets with either hydrogenated coconut or salmon oils as fat sources. 375

FUHRMANN Herbert, BALTHAZARY Sukurani T. & SALLMANN Hans-Peter Bio-efficiency of different tocopherols in chicken as assessed by haemolysis test and microsomal pentane production. 605

MILLER B.G., WHITTEMORE C.T., STOKES C.R. & TELEMO E. The effect of delayed weaning on the development of oral tolerance to soya-bean protein in pigs. 615

JANSMAN A.J.M., ENTING H., VERSTEGEN M.W.A. & HUISMAN J. Effect of condensed tannins in hulls of faba beans (*Vicia faba* L.) on the activities of trypsin (*EC* 2.4.21.4) and chymotrypsin (*EC* 2.4.21.1) in digesta collected from the small intestine of pigs. 627

SOUTHGATE D.A.T. Rate-Limiting Actions. 645

HARRIS P.M., LEE J., SINCLAIR B.R., TRELOAR B.P. & GURNSEY M.P. Effect of food intake on energy and protein metabolism in the skin of Romney sheep. 647

PONTER A.A., CORTAMIRA N.O., SÈVE B., SALTER D.N. & MORGAN L.M. The effects of energy source and tryptophan on the rate of protein synthesis and on hormones of the entero-insular axis in the piglet. 661

CHERBUT Christine, BRULEY DES VARANNES S., SCHNEE M., RIVAL Martine, GALMICHE J.-P. & DELORT-LAVAL J. Involvement of small intestinal motility in blood glucose response to dietary fibre in man. 675

ROODENBURG Annet J.C., WEST Clive E., YU Shiguang & BEYNEN Anton C. Comparison between time-dependent changes in iron metabolism of rats as induced by marginal deficiency of either vitamin A or iron. 687

VAN DEN BERG G.J., YU S., LEMMENS A.G. & BEYNEN A.C. Dietary ascorbic acid lowers the concentration of soluble copper in the small intestinal lumen of rats. 701

MURAMATSU T., NAKAJIMA S. & OKUMURA J. Modification of energy metabolism by the presence of the gut microflora in the chicken. 709

HARA Hiroshi, SAITO Yutaka, NAKASHIMA Hiroshi & KIRIYAMA Shuhachi Evaluation of fermentability of acid-treated maize husk by rat caecal bacteria *in vivo* and *in vitro*. 719

LEE Adam, ZUMBE Albert & STOREY David Breath hydrogen after ingestion of the bulk sweeteners sorbitol, isomalt and sucrose in chocolate. 731

DARRAGH Alison J., CRANWELL Peter D. & MOUGHAN Paul J. Absorption of lysine and methionine from the proximal colon of the piglet. 739

CASHEL Karen M. & GREENFIELD Heather Principal sources of dietary fat in Australia: evidence from apparent consumption data and the national dietary survey of adults. 753

STEPHEN Alison M. & SEIBER Glynis M. Trends in individual fat consumption in the UK 1900–1985. 775

FINE Gill A., CONNING D.M., FIRMIN Celia, DE LOOY Anne E., LOSOWSKY M.S., RICHARDS I.D.G. & WEBSTER John Nutrition education of young women. 789

WEBSTER A.J.F. Tribes and Professions. 799

EMMANS G.C. Effective energy: a concept of energy utilization applied across species. 801

VISSER Marjolein, VAN DEN HEUVEL Ellen & DEURENBERG Paul Prediction equations for the estimation of body composition in the elderly using anthropometric data. 823

SIDERY Michael B. & MACDONALD Ian A. The effect of meal size on the cardiovascular responses to feed ingestion. 835

RAZDAN A. & PETTERSSON D. Effects of feeding restriction and meal pattern of a sugar beet-containing diet and control diet on nutrient digestibility, plasma lipid concentrations and postprandial triaclyglycerol response in broiler chickens. 389

ZAMPELAS A., WILLIAMS Christine M., MORGAN Linda M., WRIGHT J. & QUINLAN P.T. The effect of triacylglycerol fatty acid positional distribution on postprandial plasma metabolite and hormone responses in normal adult men. 401

KASTENMAYER Peter, DAVIDSSON Lena, GALAN Pilar, CHEROUVRIER Françoise, HERCBERG Serge & HURRELL Richard F. A double stable isotope technique for measuring iron absorption in infants. 411

WHITE C.L., MARTIN G.B., HYND P.I. & CHAPMAN R.E. The effect of zinc deficiency on wool growth and skin and wool follicle histology of male Merino lambs. 425

WEBBER J. & MACDONALD I.A. The cardiovascular, metabolic and hormonal changes accompanying acute starvation in men and women. 437

CHRISTIANSEN Christian, THOMSEN Claus, RASMUSSEN O., HAUERSLEV Catrine, BALLE Mette, HANSEN Carsten & HERMANSEN Kjeld Effect of alcohol on glucose, insulin, free fatty acid and triacylglycerol responses to a light meal in non-insulin-dependent diabetic subjects. 449

SOUTHGATE D.A.T. Time to Decide. 455

ÖHLIN Agneta & RÖSSNER Stephan Trends in eating patterns, physical activity and socio-demographic factors in relation to postpartum body weight development. 457

BACH KNUDSEN K.E., WISKER Elisabeth, DANIEL Martina, FELDHEIM W. & EGGUM B.O. Digestibility of energy, protein, fat and non-starch polysaccharides in mixed diets: comparative studies between man and the rat. 471

FREUDENBERGER D.O., TOYAKAWA K., BARRY T.N., BALL A.J. & SUTTIE J.M. Seasonality in digestion and rumen metabolism in red deer (*Cervus elaphus*) fed on a forage diet. 489

NASH J.E., ROCHA H.J.G., BUCHAN V., CALDER G.A., MILNE E., QUIRKE J.F. & LOBLEY G.E. The effect of acute and chronic administration of the β-agonist, cimaterol, on protein synthesis in ovine skin and muscle. 501

SIRIWAN P., BRYDEN W.L. & ANNISON E.F. Use of guanidinated dietary protein to measure losses of endogenous amino acids in poultry. 515

BATTERHAM E.S. & ANDERSEN L.M. Utilization of ileal digestible amino acids by growing pigs: isoleucine. 531

WILLIAMS Christine M. & MAUNDER Karen The influence of dietary fatty acid composition on *N*-ethyl-*N*-nitrosourea-induced mammary tumour incidence in the rat and on the composition of inositol- and ethanolamine-phospholipids of normal and tumour mammary tissue. 543

BIRD P.H. & HARTMANN P.E. The response in the blood of piglets to oral doses of galactose and glucose and intravenous administration of galactose. 553

CAMERON-SMITH D., COLLIER G.R. & O'DEA K. Effect of soluble dietary fibre on the viscosity of gastrointestinal contents and the acute glycaemic response in the rat. 563

PITCHER Tammy & BUFFENSTEIN Rochelle Passive uptake in the small intestine and active uptake in the hindgut contribute to the highly efficient mineral metabolism of the common mole-rat, *Cryptomys hottentotus*. 573
